MANUFACTURING PLANTS IN HANNIBAL SHUT DOWN.

REPUBLIC SPECIAL.
Hannibal, Mo., June 7.—The river at 6 o'clock this evening reached a stage of 22 feet, 2 inches, and is on a stand.

The entire district between Main street and the wharf is under water, Every manufacturing plant in the city is shut down. The Burlington shops are closed, the yards of that road being completely inundated. The Wabash is running

into East Hannibal and passengers are be-ing transferred to the city by wagon. The Sail Levee is still standing the great pres-Ten thousand sacks of sand were deposited on the levee last high and to-day. The seepage is growing worse hourly and experienced river men do not believe it can see that held out as the indications are that force will be no perceptible fall here for the next forty-eight hours. Weather Observer Cover believes the crest has now been reached, but that the fall will be very slow.

FLOOD AT EDGE OF FESTUS AND CRYSTAL CITY.

REPUBLIC SPECIAL. Festus, Mo., June 7 .- Overflow from the Mississippi has reached the edge of Crystal City and Festus through a valley which lies between the two towns.

Another foot rise and the water will enter the houses of the residents in both towns.

The foot-path bridge, which connected the wo towns, is four feet under water and meaning the both two towns in the connected the second of the Bonne Terre

LOSS BY FLOOD IN KANSAS \$16,000,000

Much Suffering Among Farmers of Inundated Sections Will Follow Destruction of Crops.

Packing-Houses in Kansas City Will Resume Work To-Day-Further Rise of Three Feet in Kaw River.

Kansas City, June 7.-All day Sunday gangs of men were at work cleaning up the west bottoms, the Union Depot, the rallway yards, the wholesale houses, the stock yards and the various packing-houses, and there will be quite a general resumption in

all lines of business on Monday morning. The Armour Packing plant will be one of the first in that line to begin active operations. The other plants will start up in a measure to-morrow and all will be in full biast before the week ends.

Both the Missouri and the Kaw rivers fell fully three feet in the past twenty-four hours. The Missouri at 6 o'clock this evening marked 26.7, making it possible for a dozen more railroads to make full use of Union Depot. The railway situation is greatly improved.

Union Depot. The railway situation is greatly improved.

Kansas has suffered as a result of the recent floods more than any other State. No exact figures of the loss sustained can, of course, be given, but those who have an intimate knowledge of the sections submerged and the extent and force of the floods have been making estimates, and the concusions that they have reacned may be considered fairly reliable. The damage done in the principal cities and lowns is estimated as follows:

North Topeka, \$250,000; Lawrence, \$50,000; Salina, \$20,000; Manisattan, \$150,000; Wanniego, \$10,000; St. Marys, \$40,000, Abiliene, \$250,000; Blue Rapids, \$20,000; Enterprise, \$30,000; Concordia, \$35,000, Junction City, \$100,000; Solimon, \$30,000; Ellsworth, \$20,000; Minneapolis, \$100,000; Emporta, \$50,000; Florence, \$40,000; Lincoln Center, \$30,000; Florence, \$40,000; Lincoln Center, \$30,000; Hill City, \$30,000; Burlington, \$20,000; Hill City, \$30,000; Beloit, \$30,000; Argentine, \$2,000,000, Manisas City, Kas., and suburbs, \$8,000,000.

No account is taken of the smaller towns, although nearly 200 of these were affected by the floods.

The very lowest estimate that can be made of the loss done to crops is \$5,000,000.

Owing to the lateness of the season and the condition of the soil, it is very doubtful if any profit will be drawn during the remainder of the year from the farms which were incudated.

As a consequence there will be a great deal of individual want and suffering among

RAILROADS SUFFER HEAVY LOSS IN KANSAS CITY.

Kansas City, Mo., June 7.-The extent of the damage to the railroads operating in and out of Kansas City caused by the flood can scarcely be estimated.

Outside of the very considerable item involved in loss to freight in cars and buildings, nearly all lines out of Kansas City suffered severe losses in washed out track and destroyed bridges. The loss in freight flooded, burned or lost down the river may amount to two or three million dollars. By way of illustration, a dozen freight cars belonging to one company and standing on the tracks in the west bottoms were washed down the river. The Burlington lost eighteen loaded cars by fire in Harlem and nearly three times that number were burned in the west bottoms.

Besides the hundreds of cars whose contents were ruined by flood or fire in the yards of the St. Louis and San Francisco, the Chicago and Alton, the Burlington, the Santa Fe, the Rock Island, the Wabash, the Kansas City Southern, the St. Joseph and Grand Island, the Chicago Great Western, the Union Pacific and one or two thers were flooded, with the consequent loss of thousands of dollars to each line from this cause alone. flooded, burned or lost down the river may

cause alone.

The Burlington estimates its loss in its freighthouse alone at half a million dollars. Each of the other roads lost as much,

STEAMBOAT RUNS THROUGH MISSOURI WHEAT FIELDS.

REPUBLIC SPECIAL. New Haven, Mo., June 7.-Since 2 o'clock resterday afternoon the Mississippi river has risen but two inches at this point, and at 8 o'clock to-night it is almost on a stand.

Some heoric work has been done here to-Some heoric work has been done here today to save the business part of the town.
The basement of the Wolf Milling Company is flooded with water, and a few
houses on the river bank are inundated, but
so far, the town has been saved.
The steamer Grapevine has been running
over wheat fleids and fences, direct to the
homes of the imperiled farmers in the Warren county bottoms all day, rescuing the
inhabitants. Reports reached here this
afternoon that many familles in the bottom
several miles cost of here, in Warren
County, were calling for aid, but there are
no available boats with which they can be
rescued.

DANGER HAS PASSED AT JEFFERSON CITY.

Jefferson City, Mo., June 7.-The Mis souri River has fallen six inches since 19 o'clock yesterday at this point. The Government gauge still registers a stage of 21.2

ernment gauge still registers a stage of 31.2 feet above low-water mark.

The conditions are about the same as yerterday, and no more danger is apprehended here now. Two excursion trains came in to-day loaded with sightseers to view the devastation of the flood. The Missouri Pacific track east of here was reported all right to-night, but precautions are being taken by the company to repair any new breaks. It is expected now that the river will continue to fall and that the bottom farms will be clear of water in about a week.

FARMERS MOVE TO HILLS FROM BIG MUDDY VALLEY.

REPUBLIC SPECIAL Alto Pass, Ill., June 7 .- Water from the Mississippi and Big Muddy rivers continues spreading over the bottom lands west of

here, doing great damage to wheat and corn.

So far only a few families have been driven from their homes, but others will be So far only a few families have been driven from their homes, but others will be forced to get out of the flood's path in the next few days. Picnic parties attempted to drive from here to the Mississippi to-day, but deep water turned them back. At Rattlesnake Ferry, on the Big Muddy, the ferryboat is tied up to the porch of a house some distance from the river bank, and a woman's hat hung on a pole serves as a warning to travelers.

The Mississippi has broken over the lever at several points just north and south of Grand Tower, and is fast overflowing contiguous territory, which comprises some of the richest grain land in Illinois.

TWO TOWNS FLOODED BY BREAK AT HARRISONVILLE.

REPUBLIC SPECIAL. Waterloo, .ll., June 7.—The levee of the Mississippi River broke near Harrisonville, Ill., in the American Bottoms, in Monroe County, this morning, and flooded 25,000 acres of growing wheat and corn.

The river is four miles wide and still rising, and the people are on the Illinois bluffs, where they have fied for safety. Many have come to Waterloo. The loss will be over \$1,000,000. Harrisonville and Mitchie are un-
